 (Principal, IDEAS, Nagpur)

1. SOLID WASTE MANAGEMENT

a. Project Title: Composting

Bio-degradable waste mainly generated by the canteen is recycled through a process of composting. The waste is allowed to degrade or decompose an oxygen rich medium in a pit created behind the canteen. The matter is turned at regular intervals until it is reduced into a fine powder. This is a good quality nutrient rich and eco-friendly manure that is then used in the landscaped area.

SECTION I

This Memorandum of Understanding (Hereinafter called as 'MoU') is entered on the ____ 201 at IDEAS, Nagpur, Maharashtra

BETWEEN

First Party is Institute of Design Education and Architectural studies, Nagpur (IDEAS) Swargiya Jagannath Jattewar Shikshan Sanstha, with its registered office at plot no.469, Tiranga chowk, Sakkardara, Nagpur (Maharashtra)

AND

Second Party is Social Awareness and Action for Development, A-1/204, Rachana Gokul Apartment, Ring Road, Mankapur, Nagpur-440030 (Maharashtra)

(First party i.e. Institute of Design Education and Architectural studies, Nagpur hereinafter referred as IDEAS and second party i.e. Social Awareness and Action for Development hereinafter shall be called as SAAD)

WHEREAS, IDEAS - Institute of Design Education and Architectural Studies, Nagpur situated at Hudkeshwar road-Outer ring road junction point, Post Pipla, Nagpur, 440037 is an educational institute administering undergraduate and postgraduate degree in architecture and is promoted by Swargiya Jagannath Jattewar Shikshan Sanstha, Nagpur, District Nagpur - 440024 for architectural education purpose. IDEAS has since its inception, strived to develop an eco-friendly campus and sensitize its students to environmental issues.

WHEREAS, Social Awareness and Action for Development, Nagpur is a registered Non-Governmental Organization (NGO) working in Maharashtra with focus on environmental and natural resource management.

WHEREAS, in collaboration with SAAD, IDEAS will raise awareness on environmental issues with special focus on waste management and also develop a program to manage its wet kitchen waste.

WHEREAS, both parties, being legal entities in themselves desire to sign this MoU for advancing their mutual interest.

Principal
Ideas
Institute of Design Education &
Architectural Studies, Nagpur

Swargiya Jagannath Jattewar Shikshan Sanstha , Nagpur
Institute of design education & architectural studies , Nagpur

SECTION II

NOW THEREFORE, in consideration of the mutual promises set forth in this MOU, the parties hereby agree as follows:

CLAUSE 1 – OBJECTIVES

- 1.1 To raise awareness among all members of the Institute on the issue of solid waste management.
- 1.2 To develop a program for the management of wet kitchen waste generated in the Institute Canteen.
- 1.3 To conduct seminars and workshops on the numerous methods for solid waste management for benefit of members of Institute and general public

CLAUSE 2 - IDEAS ROLES AND RESPONSIBILITIES

- 2.1 IDEAS will look into recommendations given by SAAD for managing wet kitchen waste and initiate a program to incorporate the same
- 2.2 The Environment Committee will follow up on regular instructions given by SAAD for the running of the above mentioned program
- 2.3 IDEAS will provide a team of teaching staff and students to coordinate with SAAD in organizing awareness and teaching programs as agreed upon by both parties
- 2.4 IDEAS will bear the cost of holding any awareness and teaching programs that are held through mutual agreement including expert fees

CLAUSE 3 - SAAD ROLES AND RESPONSIBILITIES

- 3.1 SAAD will provide expert knowledge for the setting up of a program to convert wet kitchen waste to compost
- 3.2 SAAD will aid the Institute in running the above said program by conducting regular inspections and providing necessary inputs
- 3.3 SAAD will source expert as and when required to conduct special seminars and workshops for knowledge sharing on solid waste management and related environmental issues
- 3.4 SAAD's representative will be a member of the IDEAS Environmental Committee

Principal
Ideas
Institute of Design Education &
Architectural Studies, Nagpur

CLAUSE 4 – JOINT ROLE AND RESPONSIBILITIES

4.1 Both the parties agree upon the conduct of awareness and training programs for solid waste management once a year at IDEAS campus.

4.2 Both the parties will jointly finalize dates for various events at mutually convenient times

4.3 Both the parties will run a program to recycle and reuse wet kitchen waste generated on the IDEAS campus.

CLAUSE 5 - VALIDITY

5.1 This MOU is effective upon signature of both parties.

5.2 This agreement shall be valid until it is expressly terminated by either party on mutually agreed terms, during which period SAAD, the first party, as the case may be will take effective step for implementation of this MOU. Any act on the party of IDEAS, the second party, after termination of the this agreement by way of communication, correspondence etc. shall not be construed as an extension of this MOU

5.3 Both parties may terminate this MOU upon 30 calendar days' notice in writing. In the event of termination, both parties have to discharge their obligation

IDEAS, Nagpur

SAAD, Nagpur

First Party

Second party

Any divergence or differences derived from the interpretation or application of the MoU shall be resolved by arbitration between the parties as per the arbitration act 1996.

2. LIQUID WASTE MANAGEMENT

a. Project Title: DEWAT System

The waste water from toilets is passed through three stages before storage and is again filtered for reuse.

Stage 1- Sedimentation: Waste water from the toilets on both floors is collected by a well-constructed drainage system leading to the closed septic tanks. There are two septic tanks. Each consists of two chambers, sedimentation takes place in first chamber.

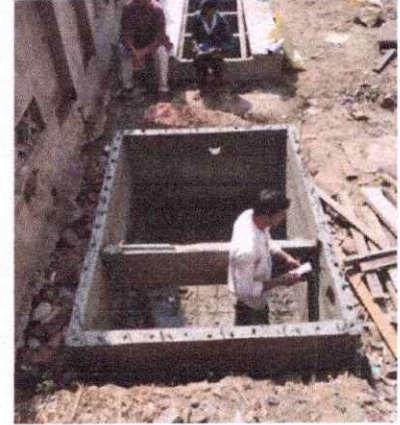

Figure 3 Septic Tank

Stage 2- Anaerobic Filtration: The overflow from the septic tank is allowed to pass through an Effluent Treatment tank which has with four stages of filtration; i) Stone gravel; ii) Aggregate; iii) Sand and iv) Charcoal.

Figure 4 Four chambered anaerobic treatment tank

Stage 3- Aerobic Treatment: The final stage of treatment uses root zone system of aquatic plants. First the effluent is passed through three beds of duck weed and then two beds of water hyacinth. The treated water is allowed to stand in the last chamber to be disinfected by UV rays in sunlight.

Principal
Ideas
Institute of Design Education & Architectural Studies, Nagpur

Figure 5 Aerobic treatment tank

Stage 4- Storage & Reuse: The treated water is again allowed to pass through a two-chamber filtration tank having sand and charcoal. This removes any dirt and plant matter. The water is then stored in an underground tank having capacity of 4500L. This tank is connected to a separate overhead tank which provides water for flushing in toilets.

b. Proposal for DEWAT Sewage Treatment Plant

IDEAS- INSTITUTE OF DESIGN EDUCATION AND ARCHITECTURAL STUDIES, NAGPUR

To,
The Principal,
IDEAS, Nagpur

24.09.18

Dear Sir,

As per our discussion, we have prepared the proposal for sewage treatment plant at IDEAS.

This Septic tank, Effluent Treatment with four stages and final extract treatment using Root Zone System of aquatic plants.

The proposal has 1 septic tank, each for students toilet in East margin and 1 septic tank for Faculty Toilet in West margin of the Campus.

The attached sets of drawings elaborate the scheme. This is for your approval and sanction. The tentative cost is estimated at about INR 1, 75, 000/-

Thankyou.

Yours sincerely

(A.S. Thomare)

(V.B. Jariwala)

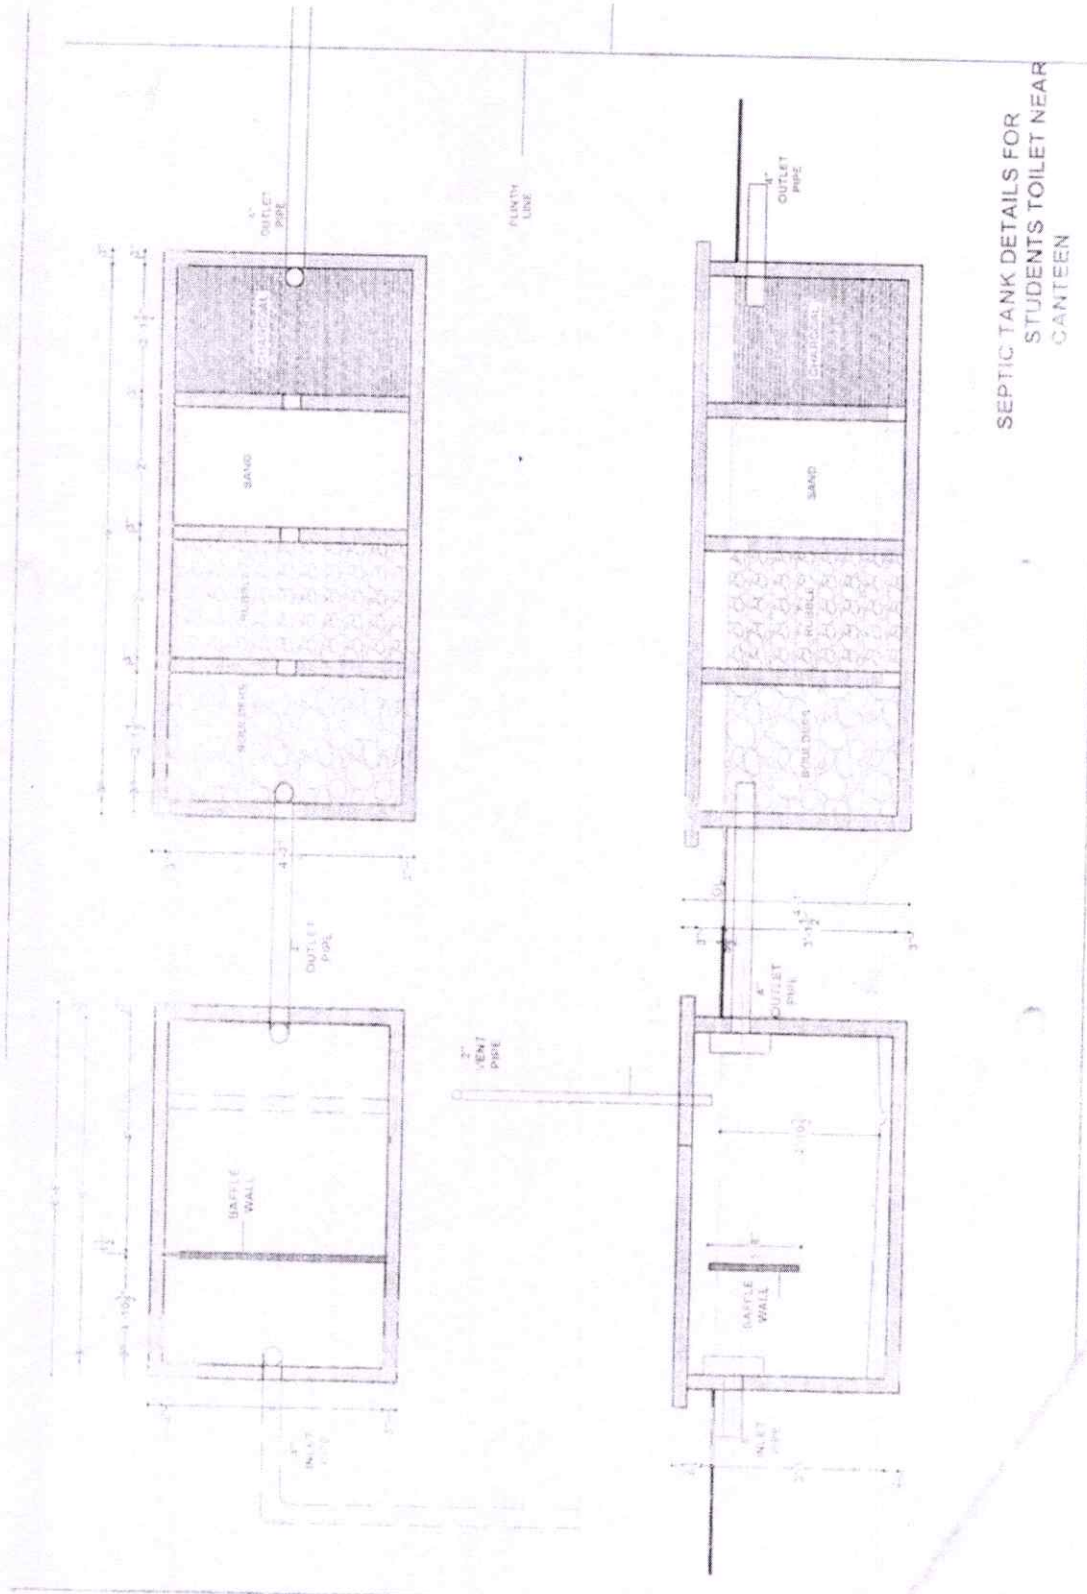

Approved after discussion
with Secretary SSSE

Running bill for the Septic tank, Sewage Treatment Plant at IDEAS, Nag.

Sir,

I am raising the running bill for the construction of Septic Tanks, Sewage Treatment Plant Storage sump and Washing Platform at IDEAS campus. Outer ring road, Nagpur.

It is based on the work completed till date.

Sr. No.	Item	Work Status	Amount (INR)
1	Septic Tank for Students Toilet in the East margin.	Completed	38000=00
2	Sewage Treatment tank (4 Stage) in the East margin.	Completed	47000=00
3	Aquatic root zone treatment tank at South west corner	Completed	61000=00
4	Septic Tank with soak pit Faculty Toilet in West margin.	Completed	29000=00
5	Storage sump tank in RCC at South East (7000 Liters)	Completed without Cover Slab	42000=00
6	Washing platform with edge at Canteen (12 m ²)	Completed	13000=00
Grand Total			230000=00

In words Rs. Two lakh Thirty thousand only

 The total amount of work is quoted at Rs. 2,80,000. I hope you will consider the same and release an amount of Rs. 55000 totaling to Rs. 2,30,000. The remaining last payment of Rs. 50,000 shall be after the completion of work.

Thanking you.

Final Bill for the Septic tank, Sewage Treatment Plant at IDEAS, Nagpur

Sir,

I have carried out the following construction of Septic Tanks, Sewage Treatment Plant at IDEAS campus, Outer ring road, Nagpur. It has been as per the drawings supplied and modified by you. The concrete quantity increased due to change in site condition.

Sr. No.	Item	Unit	Amount INR
1	Septic Tank for Students Toilet in the East margin.	Lumpsum	38000=00
2	Sewage Treatment tank (4 Stage) in the East margin	Lumpsum	47000=00
3	Aquatic root zone treatment tank at South west corner.	Lumpsum	61000=00
4	Septic Tank with soak pit for Faculty Toilet in the West margin.	Lumpsum	28000=00
5	Various pipe networks, Coupling and Diversions with connection as per the drawing from IC to tanks	Lumpsum	14000=00
6	Sand filters attached to item no. 3 leading to Sump	Lumpsum	3000=00
7	Various specified materials inside the item no. 2	Lumpsum	3000=00
8	Skoripe sump tank in RCC at South East corner, covered in RCC slab with Manhole cover (7000 Liters)	Lumpsum	62000=00
9	Washing platform in RCC with edge at South East corner of Canteen (12 m ²)	Lumpsum	13000=00
10	Inspection chamber (3 nos) construction with soil pipe connections at Students toilet in The East margin	Lumpsum	5000=00
11	Extra concrete quantity of 11 CFT and clearing of site	Lumpsum	12000=00
Grand Total			292000=00

In words Rs. Two lakhs ninety two thousand five hundred only

I hope you will consider the same. The total amount received is Rs. 230000=00 and request you to release the final payment of Rs. 62000=00 (Rs. Sixty two thousand only).

Thanking you.

3. ENVIRONMENTAL COMMITTEE WORKING

a. Environmental Policy

ENVIRONMENTAL POLICY

1. Introduction

The Institute of Design Education and Architectural Studies, Nagpur (IDEAS) understands its responsibility to protect the environment from the impact of its operations and activities. It endeavors to influence its members and the wider community to minimize their impact through its actions, teaching and research. The institute is committed to meeting the requirements of all relevant environmental guidance and to continually improving its environmental performance.

2. Establishment of Environmental Committee (E.C.)

The Environmental Committee will comprise of the following members:

1. Presiding Officer – Director/ Head of Department
2. Two Faculty Members- Faculty members nominated by the Presiding Officers
3. Three Student Members- Students nominated by faculty members

2.1 Objective of E.C.

To seek to improve the environmental responsibility of the College's operations, to strive to make the College a leading example of effective environmental stewardship, and to serve as a source of information for others with similar aspirations

2.2 Role and Responsibilities

1. To raise environmental awareness among all constituents of the college
2. To keep abreast of research and developments that pertain to institutional sustainability
3. To assess the environmental state of the college on a regular basis
4. To recommend best practises for adoption by the college, in order to promote conservation, energy efficiency and sustainable use of resources

3. Policy Statement

This document describes policies and procedures adopted by Institute of Design Education and Architectural Studies, Nagpur (IDEAS) for conducting their operations and activities in an environmentally responsible and sustainable manner.

Principal
Ideas
Institute of Design Education &
Architectural Studies, Nagpur

3.1 Guidelines

The environmental policy establishes the following important commitments:

1. Improve the environmental awareness of students, faculty, staff and visitors and support them in reducing their environmental impact both at the institute and beyond, through the implementation of sustainable environmental practices.
2. Provide students with the opportunity for involvement in sustainability related curricular and extra-curricular opportunities and activities.
3. Encourage research in developing environmentally beneficial projects and products
4. Reduce energy consumption
5. Reduce carbon emissions from energy and utility consumption.
6. Manage water consumption with rainwater harvesting and recycling and reuse of waste water
7. Develop and implement a strategy to manage and reduce waste according to the waste hierarchy.
8. Maintain cleanliness of the campus and its surroundings
9. Enhance the biodiversity and sustainability of the institute's landscape and grounds
10. Enhance travel options, decreasing carbon and other emissions from staff and student commuting
11. Achieve high environmental standards for new built and redeveloped parts of the campus.
12. Monitor and report on the environmental impacts of institute's activities, research and teaching.

3.2 Roles and Responsibilities

The policy will be implemented and reviewed through the Environment Committee (EC)

This policy applies to all students, faculty, staff and visitors on the campus. In order to support the implementation of the policy, the following roles and responsibilities have been set:

a) Energy Conservation

1. Switch off lights and fans when not in use and maximize use of natural lighting and ventilation
2. Replace all lights with LED lights within decided time

b) Solid Waste Management

1. Maintain cleanliness of the campus
2. Restrict single-use plastics
3. Avoid use of disposable plates and cups in the canteen and café located on campus
4. Compost organic kitchen waste and use in landscaping

2. Replace all lights with LED lights within decided time

b) Solid Waste Management

1. Maintain cleanliness of the campus
2. Restrict single-use plastics
3. Avoid use of disposable plates and cups in the canteen and café located on campus
4. Compost organic kitchen waste and use in landscaping

Principal
Ideas
Institute of Design Education &
Architectural Studies, Nagpur

5. Avoid unnecessary printing and photocopying
6. Recycle all waste paper, cardboard, etc generated from student work at the end of session through identified agency
7. Distribute administrative notices and documents electronically
8. Recycle paper for rough work.
9. Transition to paperless administration
10. Transition to paperless submissions and attendance

c) Water Conservation

1. Close taps when not in use
2. Repair leaking faucets immediately when detected
3. Install system for waste water recycling and reuse and oversee its smooth functioning
4. Install and maintain rainwater harvesting system
5. Use recycled water for landscaping

d) Green Transport

1. Prefer to use mass transit or carpools over single use cars where ever possible
2. Endeavor to transit to electric vehicles

e) Green Purchasing

1. Purchase green products for cleaning
2. Purchase energy efficient office equipment

f) Awareness

1. Include environmental understanding in curriculum
2. Organize seminars, workshops, expert talks, panel discussions and other events to further consciousness of environmental issues and professional responsibilities towards addressing the same
3. Encourage staff and students to complete green certification courses

Swargiya Jagannath Jattewar Shikshan Sanstha , Nagpur
Institute of design education & architectural studies , Nagpur

Date: 22nd June 2018

Time: 11: 20 – 12:20

Agenda: Addressing the issue of wet and dry waste generated in the College campus.

Minutes of meeting

At the outset, Prof. Ankita C. Giripunje, member, offered cordial welcome to all and with the permission of chairperson initiated the deliberation.

Item no. 1:

Prof. Ankita C. Giripunje, member, enlightened the members that the college campus is under maintained in terms of waste generated within the campus and has to be given utmost priority and the waste needs to be segregated.

Further, she declared with the permission of the Chair the formation of MoU with an external agency i.e. **SAAD**, which would help in segregating and composting the wet waste generated. The MoU signed would explain the role of SAAD with the process of composting.

Item no.2:

The members also discussed the issue of grey and black water generated through the toilets. They all came to a conclusion of installing a grey and black water treatment plant i.e. the **DeWATS system** within the campus.

Item no.3:

It was also decided to install a sanitary pad incinerator within the girl's toilet.

The member secretary further asked the committee whether there is any other matter for discussion with the permission of the chair.

As there was no matter for discussion with the permission of the chair.

Since the business was conducted, member secretary offered vote of thanks and with the permission of the chair declared the closure of the meeting.

The members of the committee on discussion about the campus green cover being not up to the needs of an educational institute decided to conduct a tree plantation drive within the campus, this would be conducted on 26/01/ 2020 to 31/01/2020.

Item no. 2:

It was also decided to renovate the ground floor common toilets and construct a toilet for the differently abled as suggested by the Green Auditor.

The member secretary further asked the committee whether there is any other matter for discussion with the permission of the chair.

As there was no matter for discussion with the permission of the chair.

Since the business was conducted, member secretary offered vote of thanks and with the permission of the chair declared the closure of the meeting.
