'To sensitize and train the students to develop a sense of commitment. Professionalism and inculcate aspiration for continuous update of knowledge, to serve the local & global community.'

# Foreword

## From the Principal

It is privilege to present Annual Report of Institute of Design Education & Architectural Studies – IDEAS for the year 2018-19. The full support of management, valued professional organizations and strong determination and commitment of student's community has resulted in significant academic achievements, bringing laurels to the institutes. In the current context of rapid changes that are taking place in our country, all activities directed towards advancements are required to be addressed with utmost care. In this effort, it is also imperative to prepare architects, who could contribute to and manage the needs of the society with equanimity of mind and an attitude of social responsibility.

IDEAS is rated amongst the top 25 Architecture colleges in the country. Our students top the RTMNU examinations almost every semester, year after year. The college runs B. Arch, undergraduate, M. Arch, post-graduate programmes affiliated to RTMNU and recognized by the Council of Architecture.

IDEAS has so far produced over 350 professionals in the past decade through its under graduate and post graduate programs, who are excellent placed in various private and government organizations within the country and outside too. Their professional endeavors in such organizations have resulted in receiving a stamp of excellence and satisfactory feedback for adequate and market ready attributes. It is the outcome of best campus learning experience with specific teaching methodology followed by the institute, including on-site exposure and demonstration through assignments to complement practical knowledge. With changing market trends and upcoming demands, on line teaching / learning methods is also been taken up by the institute through in-house e-learning material and video conferencing facilities.

**Prof. Abhay V. Purohit**  
Principal, IDEAS

IDEAS has developed high quality academic and co-curricular framework to teach aspiring students for delivering to them creative and technical knowledge and skills considering the present and future market demand. Post Graduate program (M.Arch) in Environmental Architecture floated by the institute is result of strong urge and commitment of the institute to serve environment and society as per vision and mission statements. This flag-ship program which specializes in promoting regional values, sustainable and environmental friendly practices of habitat development is step further to nurture within aspirants the attributes pertaining to sensitivity and sensible approach towards meaningful design. These professionals then find their carrier opportunities in such organizations that have specialized in such areas, thus adding a meritorious advantage to professional outlook. At institute level, it is pride to record such positive contribution of several hundreds of such graduates and post graduates, thereby giving the distinctive edge to the institute above the rest. Additionally, IDEAS also conducts several customized induction courses for the freshers as well as for intermediates such as Summer Design Studios, Winter Design Studios, RDS, LDS, UDS, IDo, IShow etc. to develop and ensure creative abilities of the students and focus on their all-round development as professionals.

At IDEAS, all mentors are committed to maintaining an academically rich and professionally competent environment by enhancing the creative attitudes as well as technical skills of our students. Our mentors play a vital role in the overall development of our students and the institute. With the firm belief that, in the current era, creativity and innovation is the basis of sustenance, we keep constantly creating new learning opportunities for our students, beyond what the university curriculum could otherwise provide.

In a very short span, IDEAS has come a long way and has made its impact felt not only in the city, but also the country. Our students have outperformed professionally in local and global scenario and also in the universities in India and abroad as they pursue their higher education. Today, IDEAS is one of the most sought after institute for fresh aspiring architecture students. We are sure that the best in place infrastructure, our highly qualified faculty and a motivated group of students coupled with a vibrant ambience will continue to drive the growth of IDEAS as a great institution. We firmly believe that we shall be counted amongst the best at the national level in the years to come.

In all our efforts, we seek the path of virtue, courage and wisdom. May we be the catalyst in all our efforts to make better architects and human beings, who can make a positive impact in our society and help, build our nation in these ever changing and challenging times.

Warm regards & Good wishes!

All life on Earth needs water. It's so important to us that when we're searching for life on other planets, the first thing we look for is liquid water. But water isn't always a liquid on Earth. It changes to a gas and solid as part of the water cycle. It's a good job this happens, or we wouldn't have any fresh water!

- It was suggested to conform the sessions on the following pointers:
- Expectations in the specific Post-graduate programme.
- Expectations or realms post the completion of the PG programme

**Availability of jobs/ scope of work/ social outreach/ research related to that particular field.**

- Additionally, if the students are interested to attend or would like to know about the work of the panelist/speaker, a separate session needs to be organized by the Alumni Association.
- It was discussed to conduct these sessions through an Online platform – preferably zoom for which arrangements for the same would be initiated at the college’s end by Alumni Association Co-ordinator.

**Item 3: Proposed Activities awaiting further action**

- Regarding inviting the speakers and industry experts, a proposal for an honorarium or a memento has been discussed.
- It was discussed to float a survey form outlining expectations from each session would be a floated among the students followed by a feedback form after each session to address grievances (if any).
- Selected students/ representatives from the current academic years would be directed to design posters and publishing material for the marketing/branding purposes on different social media platforms affiliated with the college authorities.

**Item 4: Any key points**

- The sessions need not be adhering to any strict format but to the vey least, should include points on expectations in the specific Post-graduate programme, expectations or realms post the completion of the PG programme and availability of jobs/ scope of work/ social outreach/ research related to that particular field.

A poster for the event has to be floated tentatively on Monday, 5 October 2020.
